About me

I am a **Front-End** developer. My main area of expertise is **HTML**, **CSS**, **JavaScript**, **Vue.js**, **Nuxt.js** and **Tailwindcss**.

I also have experience in advanced topics such as **SEO.**

If you need more information about me, you can send to the development team, my web portfolio, **https://manufer24.github.io/portfolio-cv/** in which I can show a little more about my technical background.
